How to measure your sizes

Please measure with a tape with a very close contact to your body. The best results are when only wearing undergarments.

- A Height in cm**
Vertically from the top of your head to the floor, without shoes. The easiest method is to use a door frame.
- B Chest size in cm**
Measure around the body horizontally on the most distinct part of the chest and shoulder blades.
- C Waist size in cm**
Measure around the waist horizontally on the smallest part of the stomach region.
- D Trouser waistline in cm**
Measure horizontally around your body approximately 3 cm below the belly button.
- E Inseam of leg in cm**
Measure inseam from crotch to the sole of your feet.
